

Foundations of Computing and Decision Sciences would not be able to provide valuable peer-reviewed articles without the diligent efforts of our volunteers. They not only help identify the best of our submissions but also provide detailed reviews to help authors improve their manuscripts. Peer review is a demanding process, and we would like to publicly express our gratitude to our reviewers for their efforts throughout 2010.

Andrzej Bartoszewicz Technical University of Łódź
Jan Bazan University of Rzeszów
Jacek Błażewicz Poznań University of Technology
James Broyles RAND Corporation
Massimiliano Caramia University of Rome Tor Vergata
