

*Foundations of Computing and Decision Sciences* would not be able to provide valuable peer-reviewed articles without the diligent efforts of our volunteers. They not only help identify the best of our submissions, but also provide detailed reviews aiding the authors to improve their manuscripts. Peer review is a demanding process so we would like to publicly express our gratitude to our reviewers for their efforts throughout 2013.

**Stanisław Ambroszkiewicz** Polish Academy of Sciences  
**Nino Antulov-Fantulin** Ruđer Bošković Institute  
**Amel Attour** University of Lorraine
